FOREWORD

The Annual Staff is pleased to present to you the 1960 Maple Leaves. We thank all those who helped make this annual possible by their time, effort, co-operation, and patience. We have pointed out classes, faculty, students, sports, and special events so you can recall the years we have spent together at Dublin High School. We have tried to depict for you Dublin High School in the many phases that have helped in furthering our education.

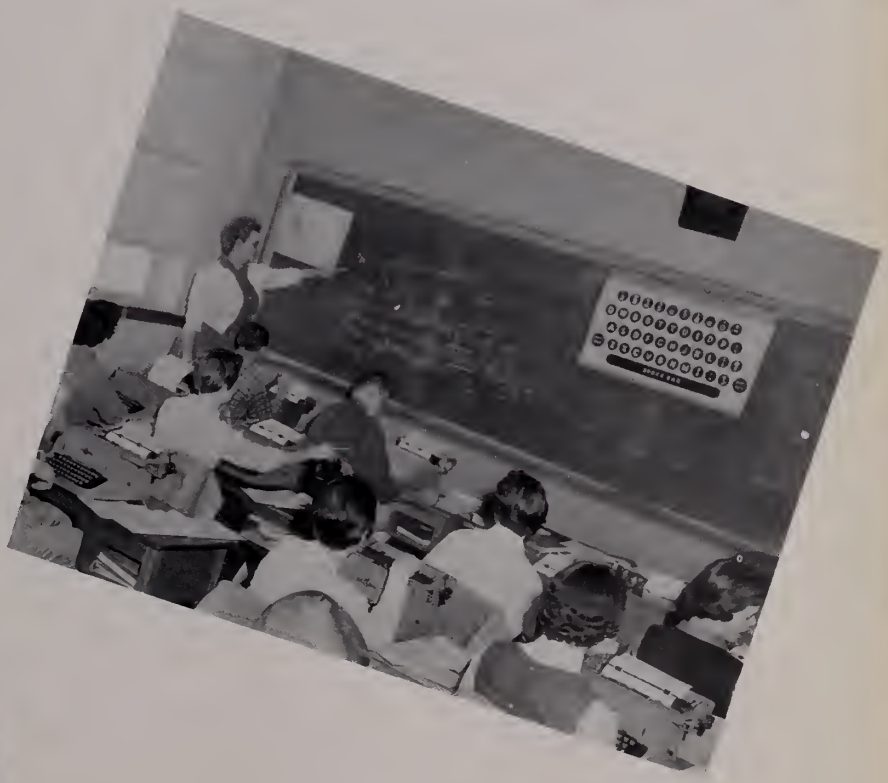
We Honor...

We dedicate this annual to a teacher, a friend, a senior sponsor, and a play director-a person who has always given freely of herself and her time to assist us in our many activities, and has been constantly interested in and concerned with the students in our school. It is our pleasure to honor Mrs. Dorothy Carter Reck in our 1960 Maple Leaves.



Our Day Begins....

Our inspiration for the day is found in homeroom devotions. Great opportunities to expand our horizon may be derived from classes in history, art, languages, English, sciences, and vocational subjects. The thoughtful consideration of information and experience in these varied areas gives enrichment to our lives now, and helps prepare us for taking our places in the adult world.

AND SURROUNDING US IS THE CONSTANT

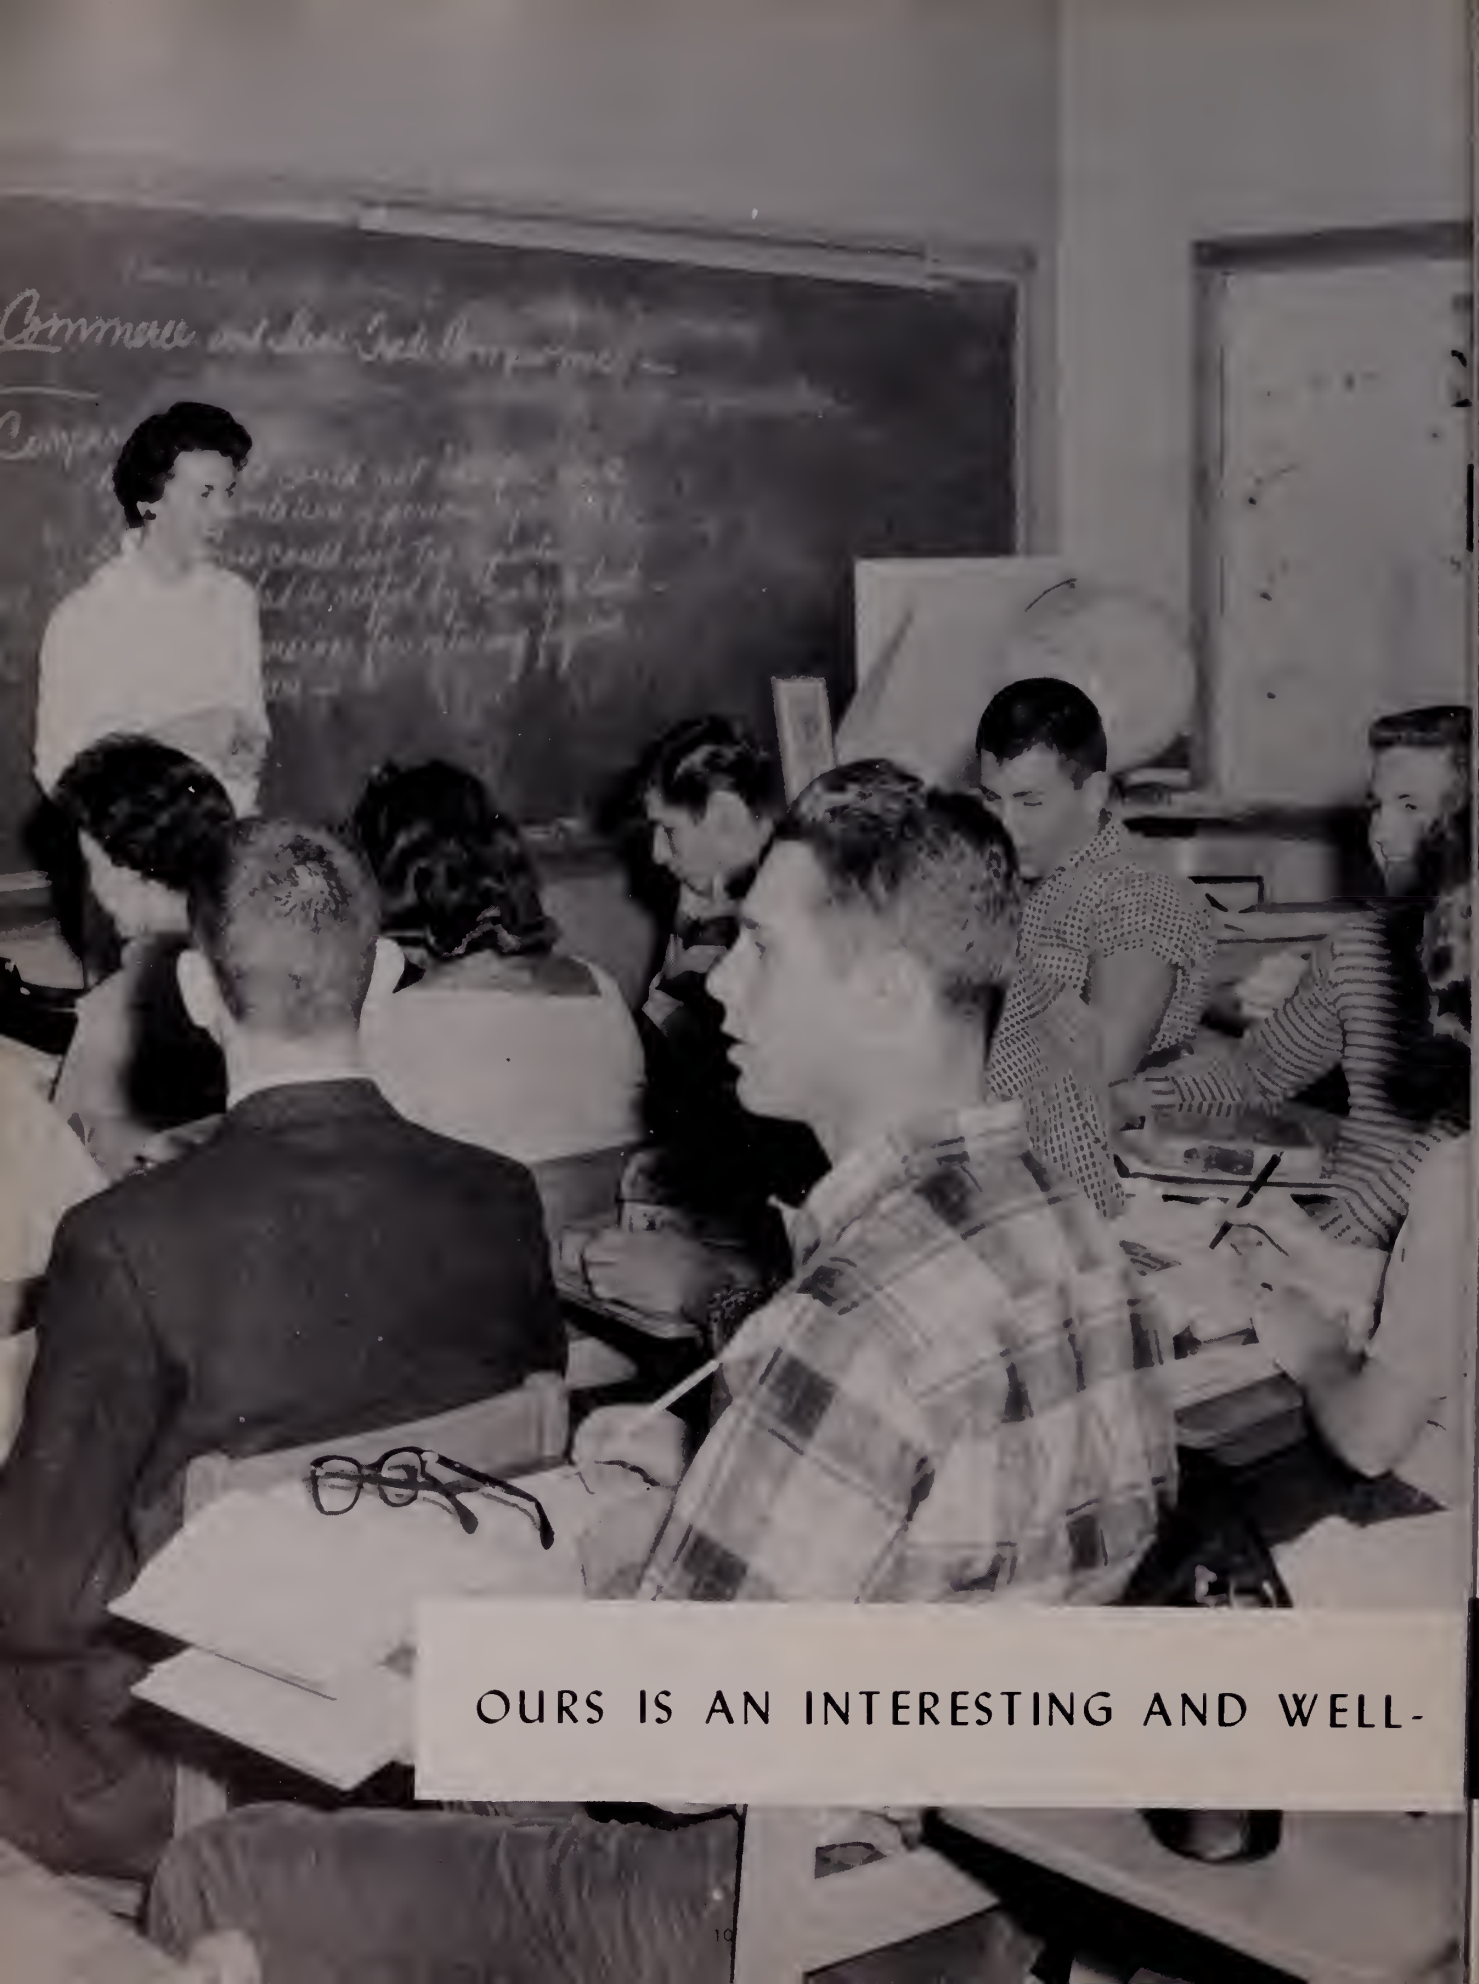
REMINDER OF THE OPPORTUNITIES THAT ARE OURS

WE TREASURE BOTH THE *Routine*

The routine of each day sweeps the administration and the students through a maze of activities that are necessary for the smooth operation of a large school. The day begins for the absentees by obtaining an excuse to re-enter classes from Mr. Dobson. The administration and staff are always on hand to instruct, advise, and direct in all our undertakings. Classes, homework, projects, tests, research, and term papers give the body and framework to our education. Physical education gives instruction in health, first aid, driver training, and provides for participation in games and systematic exercise. We learn to become good spectators and to participate with good sportsmanship.

A number of special events are offered during the year that add variety and entertainment along with our education.

AND *Special Events*



OURS IS AN INTERESTING AND WELL-

Chemistry is becoming increasingly impor tant in our world where science is stressed. More and more opportunities are offered to those with scientific training.

Shop experience in some of our vocational classes gives practice work in understanding and using machinery.

ROUNDED CURRICULUM

ACTIVE PARTICIPATION

Clubs provide our students with many opportunities to serve our school and to promote good citizenship. An important part of school is carried on by such organizations as Beta Club, F. T.A., F.H.A., F.F.A., Key Club, and student publications.

PRINCIPAL'S MESSAGE

In this, your 1959-60 Dublin High School yearbook you will have a treasury of highlights, activities, and events of this school year. I predict that this book will become more valuable to you as the years go by. Unfortunately you will not see many of your school friends again and this book will re-kindle fond memories of Dublin High School, its faculty, and its students. I hope you will find many pleasant memories while leafing through your "Maple Leaves." Please remember too, that there is nothing so lasting as a true friendship

In September 1955, approximately three-hundred bewildered students entered Dublin High School. It took us quite a long time to become acquainted with the new building and the various high school activities. We worked very hard all that year to keep up with all our studies and the fast pace of high school life.

Our freshman year found us more at ease and participating in numerous school activities. The many clubs and sports offered us an opportunity to work together and become better acquainted with our teachers and fellow students. We were beginning to realize and appreciate the values of a high school education.

SENIOR CLASS
1960

We were in the full swing of things our sophomore year as we started planning our careers. We chose our courses carefully because they formed the foundation for our life's work. We had many important decisions to make; however, we received much help from our guidance director, as well as, from our teachers.

Our junior year was filled with many wonderful activities, the highlights of which were the prom and the junior-senior banquet. The prom brought to our minds a great number of old memories embodied in the theme "Moments to Remember"; and "Somewhere Over the Rainbow" portrayed successfully the idea of our banquet.

As 1960 drew nearer we became tense with excitement as we made plans for the long awaited moment when we would receive our high school diplomas. We worked hard many years, and at last graduation came. After graduation, we all went in different directions-each taking his station in his community, his state, and his nation.

The four major sports--football, basketball, track, and baseball--have played a big part in our high school life. One of the biggest thrills was being the District VI champions in football for two consecutive years. We had very successful seasons in the other sports which provided their share of excitement.

SENIOR CLASS
1960

Some of us chose music as our elective course in high school. The band and chorus provided many assemblies and other opportunities for us to perform before our school and the surrounding areas. Music has been hard work, but, at all times, we have had a sense of pride in our accomplishment, even though the performance has not been perfect.

SENIOR CLASS
1960

We, as seniors, look back over five rewarding years in high school; and, as we leave, we take with us memories of events both pleasant and sad. It was here that we first began to know ourselves and to set up a purpose in life. Often "we have left undone those things we ought to have done; and have done those things which we ought not to have done," but we are grateful for the many and varied opportunities which have come our way. Each senior has been influenced

greatly by the guidance and knowledge that he has received. We feel our school offers outstanding instruction in the fields of science, of languages, of home economics, of business, of agriculture, of music, or of arts and some of us are leaving Dublin leaning toward a particular field. Graduation will commence a new era for each of us and we hope to approach the future with courage, enthusiasm, and a desire to achieve some degree of success in what ever we undertake.

SENIOR ACTIVITIES

Seniors participate in a variety of ways, such as working in the school store, assisting in the office, and driving school busses. College Day gave the seniors a chance to talk with college representatives who helped them plan their future.

The game's about to start,
The Dukes are coming in;
Let's get started,
And win, win, win!

The boys have practiced hard,
Now it's time for a rest;
But, wait until Friday night,
The Dukes will be at their best.

In rain, shine, sleet, or snow,
Our cheerleaders are on the go!

Root, root, root, for the home team,
If they don't win, it's a shame.
For it's one, two, three strikes you're out
At the old ballgame!

ATHLETICS

Left to right: Jerry Cannady, scout; Dave Brown, head coach; Paul Fleming, assistant coach.

DUKE COACHES

The combination of Dave Brown and Paul Fleming has helped the Dublin Dukes streak to another winning season to the tune of eight wins and two loses. Head Coach Dave Brown came to Dublin from Blacksburg where he coached football, track, and the wrestling team. He will also perform the same duties at Dublin and teach physical education. Coach Brown is a graduate of Andrew Lewis of Salem and Concord College of West Virginia.

Assistant coach, Paul Fleming, came to Dublin from Graham High School. In addition to being assistant football coach, Mr. Fleming is the athletic director and head basketball coach. His duties also include teaching solid geometry and advanced algebra. Coach Fleming is a graduate of Concord College and has served as coach at Marion High School.

Jerry Cannady, an architectual student from Virginia Tech, performed the scouting duties for the Dukes.

DUKES 1959-1960

The Dublin Dukes, defending the District Six Championship, surged forward to a very successful season. The Dukes, fighting all the way, completed the 1959 season with eight wins and two loses. There were ten lettermen playing on the squad this year, and all ten boys will be graduating in June. The Dukes are looking forward to a victorious season next year as they enter Group 1-B competition.

SPRING SPORTS

The spring sports at Dublin High School have advanced the school's athletic program and have also given the school additional recognition in this area of the state. Baseball was one of the first sports at Dublin and it has advanced considerably since its first days at the old Dublin Institute. For example, the 1959 team won the Golden Triangle Championship. Ken Dobson, now assistant principal, was the coach; and he and the team are to be congratulated for their outstanding representation of Dublin High School. For the track team, it could be truthfully said that it has done its part for D. H. S. Track is the youngest sport at Dublin, with the exception of wrestling, which was started this past year under the coaching of Dave Brown. The track team placed second in the district meet and then went on to the state track meet to win fifth place. The advancement of the athletic program has, not only, provided exceptional entertainment for spectators, but also, has provided a greater variety of activities in which a larger number of students may participate.
